III. TERMS AND CONDITIONS:

1. It is client's responsibility to provide CALIFORNIA SOUNDS with a reasonably secure stage area or other area to set up equipment with easy access. Location of DJ setup should be no further than twenty five (25) feet from a 3-prong, grounded, AC electrical outlet. All charges will be discussed in advance.

2. If extensive dance or room lighting is required, then client shall arrange that any lighting will be connected to separate electrical circuits for safety reasons and so that chances of power or circuit failure are reduced. Also a ceiling height of eleven (11) feet is required for truss arch lighting. If fog or bubbles are required by the client, it is agreed that if any guest finds the fog or bubbles to be discomforting, or unsafe the DJ's liability is limited, and has the option of curtailing the use of these effects for safety and comfort reasons. All lighting besides the typical wedding dance lighting requires a site visit and the assurance of the venue that power failure or reliability is not a concern. Problems and conditions caused by requests "not recommended" by the DJ are the liability of the undersigned client.

3. Client agrees that DJ is not responsible for things that are not within the DJ's control. Your DJ is not responsible for "Acts of God", "Wireless Frequency Service or Interference Problems" or any "Power Related/Electrical Issues". Client agrees that your DJ cannot perform outdoors in the rain or any such dangerous weather conditions. Also, sprinklers or other sources of water that may create a dangerous condition are included as a precautionary measure.

4. DJ reserves the right to stop the performance at the event if any guest is behaving in a manner that puts DJ or others in a position of possible injury (moshing, fighting etc). DJ reserves the right to keep children away from the equipment. Client agrees to assist DJ in keeping problem guests and children away and/or under control. In order to prevent liability resulting from an accidental injury to any individual at the event, DJ service reserves the right to deny any guest access to the sound system, records, compact discs, cassettes tapes, or other equipment owned, leased or rented by DJ. In the event DJ believes an unsafe situation exists, DJ may call upon the client to remedy the situation. DJ may cease operation at his discretion until the situation is resolved.

5. The DJ is not responsible for the behavior of guests, intoxicated individuals, or children that may affect the overall quality/safety of the event. The DJ is simply responsible for conducting himself, his staff and the event in a professional and safe manner throughout. The DJ is not responsible for damages, injuries or liabilities incurred by above mentioned parties.

6. In the extreme case of the death of scheduled DJ, severe injury and/or severe illness on the day of the event; the scheduled DJ would be replaced by a "more-than-competent" member of the California Sounds Staff that has handled prior events of this type.

8. Rented or purchased additional equipment, costumes and/or tuxedos are billed to the client with a -DJ determined fee- for pickup and delivery of said items to the event.
